c. Refresher

It is now definite that by February 1954, O/TR will offer the first course designed specifically to bring returnees up to date on the problems, programs, and procedures of the Agency. From that time on, Phase III will be designed specifically for newcomers, and will no longer be handicapped by having to compromise between the needs of newcomers and returnees.

d. Weapons

O/TR is capable of qualifying students in the use of a number of common firearms. This extension of the present method of offering familiarization and range practice will be put into effect and further study shows that the service is needed.

e. Reporting

The old course on reporting for professional reports officers will be revised and reactivated at the earliest possible date.
